01/21/2011 12:43:37	R Long	All	Put in Help Desk ticket 01/18/2011 as Sunlight repeater is down...see attached email
01/25/2011 13:25:32	Wright	PK	1028 Wright called for Radio Check on Sunlight Repeater. Could hear him load and clear. Sunlight Repeater is back up.
02/14/2011 09:48:21	Wilmore	ATC	Performed radio checks on USFS and BLM Castle repeaters. No TX or RX from either end. Appears both are down at this time. Amy placed BLM ticket. Tracy to place one in on USFS system. Wilmore indicated that he thought it hasn't been functional since at least Friday
02/14/2011 09:58:06	ATC	Kidd	Notified of Castle issue. He stated that it appears that power may be out to the repeater building. Will check with the state to troubleshoot
02/14/2011 09:58:42	ATC	Tcom Dan	Notified of Castle issue. Will contact Kidd direct. Told him that Tracy will place help ticket.
02/14/2011 10:32:03	Kidd	ATC	Had CO River Valley FO do a radio check with us...L&C. Will be sending over a frequency list for us to distribute. Thinks EZ hasn't programmed correctly. USFS repeater is definitely down per Telecom Dan.
02/14/2011 10:35:50	ATC	Wilmore	Cell--left vm regarding Kidd's intel.
02/14/2011 10:44:57	Wilmore	ATC	Rec'd msg. His programming in his truck is indeed incorrect. Will fix. He is aware that USFS Castle is down
03/11/2011 08:14:34	Tracy	All	Eagle trunk scratchy every day this week
04/01/2011 15:39:12	Dan W	Amy	Telecom Dan...FS Castle still down. Will need to go to the repeater site next week sometime. Use BLM Castle/Lookout for now
04/13/2011 18:10:07	D Wright	TF	From TelecomDan: Forest Castle repeater is down but Castle base and Vail, Ptarmigan rpters are working. This should alleviate the static problem on the Eagle trunk. BLM Castle rpters should still be working as normal.
04/20/2011 13:50:27	TF	ALL	Wilmore unable to copy Dispatch on Vail this am. Dispatch copied Wilmore L/C. Unable to hear or contact Holy Cross RD on Vail; They were unable to hear or contact Dispatch. Dan Wright notified and will investigate.
04/20/2011 15:36:47	Holy Cross	TF	Radio check from Holy Cross: copied tx/rx both sides.
05/05/2011 08:03:36	TF	All	Unable to xmit on BLM Castle from Dispatch IA console. Able to rcv loud and clear. Help Ticket submitted.
05/05/2011 08:17:50	TF	All	Was able to xmit to Deer Pen units on Center and A/C consoles, still unable to xmit on IA console.
05/11/2011 13:56:28	HL	All	Castle, not working for E606 Chase in Eagle and earlier leaving Minturn
05/12/2011 12:40:37	ATC	ALL	Conrad attempted comms on Ptarmigan. We could hear him L&C, he could not hear us. No repeater tail on our end noticed. Attempted again on Vail and we could hear him and he could tell we opened the channel but we were completely unreadable...no audio.
05/12/2011 16:47:42	TF	ALL	Per Dan Wright, he did some checking and believes the problem to be weather interference w microwave link to Vail/Ptarm. Wants to be notified if problem continues. Were able to contact Homestake folks on BLM Castle as back-up.
05/20/2011 08:15:10	TMF	ALL	BLM castle should be working now per someone's comment in daily briefing
05/25/2011 16:32:18	Dearstyne	HML	Landsend, scratchy and barely readable, or no contact, they could see repeater from the site, put in a ticket
06/01/2011 10:09:47	TF	ALL	CH 22, DV 23 unable to copy dispatch on Vail; Dispatch copies Vail L/C. Contacted Dan Wright, he is looking into it.
